Schienen Control

Form according to Article 4 of the Commission Implementing Regulation (EU) No 2018/1795 laying down procedure and criteria for the application of the economic equilibrium test

Notification of a planned new rail passenger service

Remarks:

I. Information regarding the operation of the planned new rail passenger service has to refer **at least to the first three years**, if possible **to the first five years of operation**.

II. The notification of the planned new rail passenger service will — except for commercially sensitive information — immediately **be published on the website www.schienencontrol.gv.at**. If applicants do not want commercially sensitive information to be published, they have to justify this within the notification. Information according to this standard notification form shall not be considered commercially sensitive.

III. The form including additional documents has to be transmitted to office@schienencontrol.gv.at.

1. Applicant:
    a. Name:
    b. Address:
    c. Legal entity:
    d. Registration number (if applicable):

2. Contact data of person responsible for queries:
    a. Name:
    b. Function:
    c. Address:
    d. Phone Number:
    e. E-mail:

3. Indications about the licence according to Article 16 ff Directive 2012/34/EU and the single safety certificate regarding Directive (EU) 2016/798:
    a. The new rail passenger service will be operated by
    the applicant.
    another operator.
    (Please mark appropriate box.)

    b. The operator of the planned new rail passenger service has
    a licence according to Article 16 ff Directive 2012/34/EU.
    a single safety certificate according to Directive (EU) 2016/798.
    (Please mark appropriate box.)

    c. If the operator either does not have a license according to Article 16 ff Directive 2012/34/EU or a single safety certificate according to Directive (EU) 2016/798, he is asked to indicate the status of the obtaining procedure.

4. Indications regarding the planned new rail passenger service:
    a. Detailed route including location of departure and destination stations as well as intermediate stops:

    b. Planned starting date for the operation of the proposed new service:

    c. indicative timing, frequency and capacity of the proposed new rail passenger service, including proposed departure times, arrival times and connections as well as any deviations in frequency or in stops from the standard timetable, in each direction:

    d. indicative information on the rolling stock the applicant plans to use:
